

*Good Morning!*

### **Your group can enjoy breakfast served by Fred Harvey Girls!**

One of my favorite new stops from this past year has been our tasty breakfast served by Fred Harvey Girls at the recently renovated Overland Train Station in Topeka, Kansas.

The Harvey Girls Defined Hospitality in the Wild West of the 1880s. Their legacy: Helping to make travel “West” unique by serving tasty meals in pleasant surroundings, while bringing a touch of graciousness to a mostly unsettled land.

We replicate this golden experience on our trip to Kansas—it’s just one example of how we like to “bring to life” our stops, and why your CTD experience exceeds most travel company’s itineraries! (The enclosed post card is a replica of an actual Fred Harvey post card.)

### **We treat travelers to experiences like this everywhere we go...**

On our Vintage Illinois Tour, the Kruta family hosts us at their century old bakery. Locals line up for blocks on Christmas Eve for their old-world recipes (and, yes, we get to taste their pastry during our visit!).

At the Music House on our Around Lake Michigan tour, our private visit allows our travelers to hear rare instruments played.

And, we meet Betty Anderson on our Spirit of the South Tour—her father was a successful entrepreneur who ran a shoe shop...travelers are awed as she tells the inspirational story of her dad.

At the Field of Dreams in Dyersville, we exclusively arrange for baseball players to walk out from the cornfields...just like in the movie!

It’s these unique stops that differentiate CTD from our competitors...and why our travelers come back time after time.

### **Announcing a New Partnership with Sunrise Tours**

I’m very excited to announce our new partnership with my good friend Brent Dalrymple, and his company Sunrise Tours out of St. Louis.

Brent’s team has provided tours throughout the United States, Canada and overseas for the past three decades, and just
